This tour will show you the best of Chicago in one day. This is a world's top architecture city with bold architectures. You will take a walk in the Millennium Park, a combination of stunning architecture, sculpture and landscape design located in the heart of downtown Chicago; you will see Cloud Gate, the impressive signature urban sculpture, which is claimed to be one of the best public spaces that you can find on earth. Take a break at the Clarence Buckingham Memorial Fountain, one of the world's largest artificial fountains, and at the Navy Pier, the former Navy training center, now the most visited lakeshore park in central United States now. You will also take an exclusive tour of the Chicago Theatre, an exquisite French Baroque style theatre. Another stop is Michigan Avenue, the Magnificent Mile, where the Art Institute of Chicago, Grant Park, shopping malls and boutique stores, and the historical Chicago Water Tower are located. To have the best view of this famous city, you will go up to the 360 CHICAGO which soars 1,000 feet above Lake Michigan and the city's majestic skyline to offer the most breathtaking views of downtown Chicago, the lakefront and four neighboring states: Illinois, Indiana, Michigan, and Wisconsin. It newly presents an enclosed, glass and steel moveable platform that tilts outward 304 meter above the Magnificent Mile and safely holds up to eight visitors at a time, which will be another thrilling experience for whom like to challenge themselves. As the birthplace of skyscrapers, Chicago has a skyline bristling with skyscrapers. Chicago River flows backwards from Lake Michigan and is lined up with best architecture in town: the corn-cob shaped Marina City buildings, Trump Tower, Willis Tower and etc. Take our river cruise to enjoy the beautiful urban view of Chicago that goes through the core of city. (The cruise will be closed in winter)
